

**AN ACT IMPLEMENTING THE RECOMMENDATIONS OF THE TASK FORCE
TO ANALYZE THE IMPLEMENTATION OF LAWS GOVERNING DYSLEXIA
INSTRUCTION AND TRAINING**

HOUSE BILL 6517

I support House Bill 6517. My name is Luca Bacile and I live in Enfield, Connecticut. I am 14 years old and have dyslexia.

If teachers know what having dyslexia is, they could identify students with dyslexia. In my experience, teachers don't know what dyslexia is. They don't understand how it affects your learning. Educating teachers will help identify younger kids who are dyslexic, helping them early will make their lives a lot less stressful and easier and put the students on a path to success.
